Re-elect Berry Vrbanovic

Kitchener City Councillor, Ward 2

Dear Friends and Neighbours,

In 2006, you once again put your trust in me to serve as your elected representative on Kitchener City Council. I was humbled by that support. Serving you is a privilege that I take seriously and I am grateful for your past support.

Over the past few weeks, I have knocked endlessly on hundreds of doors throughout our ward and have spoken with many of you. You have told me about the many things you think we are doing well as a City and discussed other issues where further improvements can improve our collective quality of life.

By being accessible, approachable and listening to your concerns, I am committed to continuing to serve you with the same tireless energy I have demonstrated since first being elected. With the new larger Council, I know I have the strong, experienced leadership which will be essential to make the choices required to build the kind of great community you and I want to live in today, and tomorrow.

This Monday, October 25th, I ask for your support again, so that together, we can continue to make the neighbourhoods of Ward 2 a great community, and Kitchener, a great City to live in!

Sincerely,

"Berry understands the important relationship between healthy suburban neighbourhoods and a healthy downtown. While he has always made sure we have the facilities we need in our ward, he also knew we needed to invest in the heart of our community as well."

"I've known Berry since he was first elected, and today, he still has the same endless energy now, as he did then. Berry genuinely cares about people, and whether you see him at the store, at the community centre or the over 100 events he attended in the community last year, he is always smiling, listening, helping. He deserves our support so he can continue getting the job done for us at City Hall."
