

Re-elect Berry Vrbanovic

Ward 2 City Councillor

Dear Friends and Neighbours,

In 2006, you once again put your trust in me to serve as your elected representative on Kitchener City Council. Public service is a privilege which I take seriously, and I am both humbled and grateful for your past support.

Today, I approach serving you with the same energy I brought to this position when first elected, working tirelessly on behalf of our community. By being approachable and listening to your concerns, I have been able to work effectively to get things accomplished on your behalf.

A recent survey of residents said great things are happening in Kitchener - let's keep up the

momentum and in some cases, even increase it. I couldn't agree more. With the new larger Council, strong, experienced leadership will be more essential than ever to ensure we make the choices required to build the kind of great community you and I want to live in tomorrow.

On Monday, October 25th, I ask for your support so that together, we can continue to make Ward 2, a great community and Kitchener, a great city to live in.

Sincerely,

**October 25th is Election Day
